REFERENCES AND TESTIMONIALS

"Leith has been a pleasure to work with and throughout our dealings has always maintained care for our relationship over and above my portfolio, the emphasis is always placed on family and long term goals that are not limited to my own but my families also, this is very important to me.

The simplicity of conducting business virtually through videoconference calls as well as the exchange of paperwork through private courier has ensured our communication and timelines are kept to the highest standard. Being in different countries has its challenges yet Leith has made it feel as if we are just a few streets away from each other! I have found Leith to be very thorough and more than happy to take the time to always keep me updated and continue to answer all questions in a timely and professional manner.

He is also very personable and courteous, with a keen attitude to deliver the best service. Leith keeps himself current with market developments and regulations, and his attention to detail and analysis of my portfolio has been most informative and insightful. In, my opinion, Leith is a knowledgeable and professional advisor and I feel comfortable entrusting my international arrangements and overall planning to him.

Leith has acquired several new customers through my endorsements, based on, my personal dealings with him and the confidence that he instils through his professional approach. I would continue to recommend Leith to others who require assistance regarding their international financial and investment planning."
